

THOS. ROBINSON

One of Earlington's Oldest Citizens Passes Away.

BURIED WITH HONORS BY A. O. U. W.

Mr. Thomas Robinson, one of Earlington's oldest and most respected citizens, died Friday, October 13th at 2:40 o'clock in the afternoon, aged 72 years, after a continued illness of three months. His seven children, the unbroken rank of his descendants, survive. Mrs. Robinson's death, which occurred Dec. 17th, 1904, at the age of 67 years, was the first break in the family.

Thomas Robinson was born in the Isle of Mann in July 1833 and came to this country in his young manhood. He married Miss Elizabeth A. Chegwidden in the State of Wisconsin in the year 1859. Mr. Robinson came to Earlington as a coal miner in 1870 and was for years a trusted employe in the mines of the St. Bernard Coal Co., at Earlington and St. Charles. His last connection with a coal mining operation was as mine superintendent for the Empire Coal Mining Co., of Christian county, where he was engaged for about ten years. He had retired from active work several years before his death. During nearly all the time since 1870 he had kept his family residence and maintained his citizenship in Earlington.

The funeral occurred Saturday afternoon at 2 o'clock. Rev. W. A. Abbott, of Hopkinsville, conducted services at the family residence, the deceased having connected himself with the Episcopal Church in his young manhood. Hopkins Lodge No. 61, A. O. U. W., of Earlington, then took charge of the remains, which were buried with honors of the order at Earlington cemetery. The pall bearers were Frank Fox, Thos. Hodge, Wm. Vinson, Joseph W. Brown, Lem Owens, and Willis Brooks. Thos. Longstaff officiated as Grand Marshal.

Mr. Robinson was one of the original charter members of this order in Earlington and it is said that Thos. Clements is now the only survivor of all those whose names appeared on the original charter. Later, a second charter was secured by the Earlington lodge and now but few of these second charter members remain.

All of Mr. Robinson's children were present at the time of his death. They are Ben T. Robinson, of Mortons Gap, druggist and ex-member of the legislature; Mrs. Geo. King, of St. Charles; Chas. G. Robinson, postmaster of Earlington; Miss Eliza Robinson, Earlington; J. Will Robinson, Republican nominee for County Court Clerk, Earlington; Mrs. H. L. Bramwell, Providence; Geo. E. Robinson, Earlington; Mr. Benj. Robinson, of Falcon, Colo., the only surviving brother of the deceased, was detained by illness of his wife and could not attend the funeral.

Charles W. Rock.

Monday morning at his home in Madisonville Charles W. Rock, an old and respected citizen, died after several weeks illness caused by a fall the first of August. Mr. Rock was a German and has resided in Madisonville twenty-five years and was a taker by trade.

The funeral services were held at the Catholic church at this place Monday morning at 10 o'clock and the interment was at the Earlington cemetery.

FOUND DEAD.

Lifeless Body of Frank Vester Discovered near Hecla Tuesday Morning.

Frank Vester, a colored man of this place, aged about 25 years, was found dead near Hecla Tuesday morning. The body was discovered lying in a ditch by the side of the main track and he had evidently been dead several hours.

He had been in Madisonville Monday afternoon and had been drinking rather freely it is said. A companion, who was with him, came home on one of the evening trains and tried to induce him to come also but after purchasing a ticket he changed his mind and started home later walking on the railroad. It is thought that he fell asleep on the track and was struck by a train and knocked into the ditch where he was strangled by water that the ditch contained. Several injuries were found on the body but none of them would have produced instant death.

Coroner J. M. Stevens, of Madisonville, was notified and an inquest was held. A jury composed of Lee O'Brien, foreman; Thos. Carroll, Jas. Parker, Jnn. Jones, L. B. Kirkwood and Andy Wilson returned a verdict stating "that the deceased came to his death from some unknown cause supposed to be from strangulation by falling into a ditch after being struck by a train."

QUADRENNIAL GENERAL CONFERENCE

Of Methodist Episcopal Church, South. Will Meet in Birmingham Next May.

Birmingham, Ala., Oct. 15.—It has been decided that the quadrennial general conference of the Methodist Episcopal Church, South, shall meet in Birmingham next May. This was determined at a meeting held here of the subcommittee having the matter in charge following a meeting of the general committee in Asheville, N. C., on Tuesday last.

This conference is the most important of all Southern Methodist meetings, as it is the general legislative body of the church and elects bishops to fill such vacancies as may exist.

The meeting in Birmingham, it is expected, will be attended by upwards of 2,000 ministers and laymen and will be in session several weeks. The sessions will be held in the First Methodist church, which is the largest and handsomest Methodist house of worship in the South.

KENTUCKY CONFEDERATE REUNION.

Reduced Rates Announced by Railroads for Meeting at Pewee Valley.

The railroads over the State have made a rate of one fare plus twenty-five cents to Pewee Valley, near Louisville, and return on account of the Confederate reunion, which will take place at that place October 26. The indications are that a large crowd of veterans will attend the reunion. It will be an opportunity for those who were the traitors to spend a pleasant time together at a small cost.

U. C. V. Reunion.

The Kentucky Division, United Confederate Veterans, will hold their annual reunion at the Confederate Home at Pewee Valley, October 26. The delegation is arranged on the basis of one delegate and one alternate for every twenty members of each camp.

Kentucky's Sloth in General Development.—Hopkins County's Advance Position in Coal Mining Development.

"Kentucky is surrounded on three sides by navigable waters, has great tracts of the finest forest land, millions of acres of the most fertile lands in America, etc., but has lagged behind her sister states in material development. You have seen newer states surpass Kentucky in every development. But there is not a state west of Kentucky which has Kentucky's wealth of resources. Kentucky has not studied their resources. "Kentucky seems to have been left here in the centre of the Continent awaiting a later and a better development."—M. A. Hayes, Industrial Department Southern Railway, Chicago, at the State Development Convention.

"Some coal was mined in the Western counties of Kentucky as early as 1840. It was not until 1870, however, after the close of the Civil war, that the active development in the coal mines of Kentucky really began. Since 1870 the development has kept pace with other industrial enterprises in the Southern States."—Edward A. Parker, in U. S. Geological Survey Report.

Hopkins county, in the development of coal mining since 1870 has far and away outstripped the development of "other industrial enterprises in the Southern States," if Mr. Parker's statement be true, for Hopkins county has, "since 1870," been far in the lead of all Kentucky in the development of coal mining, and has now for some years been producing one-fourth of the total coal output of the State of Kentucky.

LOCOMOTIVE BLASTS

Trains will begin running through the tunnel at Ridge Top, Tenn., on next Tuesday, Oct. 24th. The tunnel has been practically completed for several weeks but a great deal of work remained to be done on the approaches. The cost of the tunnel is estimated at about \$2,000,000 and it dispenses with the worst grade on this division and is also said with one of the worst on the entire system of the L. & N. It is the largest tunnel on the Louisville & Nashville R. R.

James Scott, an Illinois Central switchman of Paducah, aged 47 years, was the victim of a peculiar accident at Fulton one day last week and which resulted in instant death. He was on the rear of an engine working in the yard there and as it was backing up the air hose became caught in a frog pulling the step off on which he was standing. He was thrown under the engine and badly mangled.

Engineer Frank Giannini and Conductor D. E. Lynn, of the Providence accommodation made a trip to this place Sunday with coal shipments and took back captives for the mines at that place.

Conductor D. E. Lynn was on Conductor Harry Braunwell's train last week while he was absent.

Conductor Harry Braunwell, of Providence, was here last week attending the funeral of his father-in-law, Mr. Thos. Robinson.

Operator Sanders, of Howell, Ind., visited friends here Friday and Saturday.

Mr. J. H. Gallagher has been appointed Traveling Passenger Agent of the Louisville, Henderson & St. Louis Railway, vice Geo. L. Garrett, resigned to enter other business. Mr. Gallagher has been chief clerk in the office of the General Passenger Agent, at Louisville for the past four years. Mr. Gallagher has had excellent training to equip him for the careful performance of the duties of the new position and The Bee will vouch for him that the traveling public who want to go his way can safely rely upon him for proper information and guidance. Work has so far advanced in rebuilding the station of the

Louisville and Nashville railroad at Tenth street and Broadway, Louisville, that the officials of the road have announced that it will be opened November 10, less than three months since it was practically destroyed by fire. The work will be completed by November 1, but several days will be needed to finally establish the offices in the reconstructed building. The work has progressed as rapidly as was expected, and the station has practically been rebuilt without serious interference with the accommodation of passengers.

The latest report from Mr. McGrath, the engineer who was injured at Goodlets on the 1st., when he ran into open switch, is that he is recovering rapidly. He is now up and will be removed from the hospital to his home in Nashville. Fireman Stanfield is also getting along nicely.

J. D. Campbell has been promoted to running an engine. He is doing his first work as an engineer with the Walton, Wilson, Kodes & Co., contractors at Greenbrier, relieving L. L. Patterson, who has been transferred to the road.

Esil Spieth, a popular young engineer between Earlington and Nashville, who was married recently, has recently returned from his honeymoon trip.

Engineer J. W. Alsop is on the sick list.

Engineers F. S. Harrison and J. P. Moyilhan, of Nashville, who have been in a bad condition for some time, are not much better.

Engineer Wellington Newton, of McLeansboro, was in Howell Monday on business.

William Diller, night caller at Howell, has returned, after a two weeks' vacation at St. Louis and Belleville.

Dennis E. Kelly, the traveling engineer, is on the Division this week.

Robert A. Arnold Killed in Nevada.

Robert A. Arnold was shot and instantly killed in a street duel by a Frenchman named A. A. J. Jodon, Saturday at Bullfrog, Nevada.

Mr. Arnold was formerly a citizen of Hopkins county and in Earlington's early days was for several years marshal of the town. He leaves a wife and son.

CROP REPORT.

Corn Yield Five Per Cent Heavier Than Last Year in Kentucky.

Frankfort, Oct. 13.—Commissioner of Agriculture Vreeland has issued the following report: "We feel that an apology is due the public for the lateness of our October report. Press of business in the office and the unavoidable absence of the Assistant Commissioner is the reason that it did not appear on the 6th of the month, as usual.

The month of September was generally favorable for the housing of tobacco and preparing land for wheat seeding. Complaint of too much rain in some localities, but little damage was done by excessive moisture. The corn crop promises to be a bumper crop. Prospect is 5 per cent larger than last year. The prospect is good for an average acreage of wheat being sown. There seems to be a falling off in the acreage of both winter oats and rye. The estimate for burley tobacco is 4 per cent greater than last year, while the estimate on the dark crop is 19 per cent less. The crop of both was practically all in the house and safe from frost October 1.

Meadows are up to the standard. Clover in a large part of the State is reported good, but in some localities it is seriously damaged by some disease—for the want of a better name it is called clover blight. Pastures have held up remarkably well. There is a considerable falling off in the number of cattle and hogs being fed for the fall markets. There will be an abundance of winter feed for all kinds of stock unless the winter is unusually severe and long.

OFFICERS ELECTED.

Dark Tobacco Growers' Association Elects County Officers at Madisonville Saturday.

A meeting was held by the committee of the Dark Tobacco Growers' Association of Hopkins county at the court house in Madisonville Saturday. The selection of officers was ratified at this meeting and a decision was reached to hold the next county meeting on Saturday, Oct. 28th, at the court house. Full instructions will be given at the meeting then in regard to handling of the tobacco pledged to the association. A vote will also be taken as to what time the books shall be closed.

The officers of the association are:

President, N. D. Nelson; Vice-President, Bradley Wilson; Secretary, J. M. Harued. The committeemen from the various districts of the county are as follows: White Plains, Abe Allen; Earlington, Roland Merrill; Court House, Finis Williams, Nebo, W. J. Troop; Hanson, Charles H. Eastwood; Charleston, B. F. Ligon; Kitchen, A. Utley.

MADISONVILLE

Physician Dies in Louisville. From Operation for Appendicitis.

Dr. L. O. Wood, aged thirty-five, one of the best-known physicians of Madisonville, Ky., and President of the State Eclectic Society, died at the Deaconess Hospital in Louisville, Sunday morning following an operation for appendicitis. He was brought to the hospital last Thursday. Dr. Wood was survived by his wife, who was at the bedside at the time of his death. The body was taken to Princeton for burial.

CHARLES C. MOORE.

Famous Editor and Infidel in Serious Condition.

Charles C. Moore, editor of the Blue Grass Blade, who advertises himself to the world as "The Heathen Editor," is said to be in a serious condition and that his friends, as well as the members of his family, are alarmed over his health. He is suffering from a joint attack of heart trouble and asthma.

The reports received from the sick man say that he has been unable to lie down for more than 10 days, and is compelled to take what sleep he can get sitting upright in a chair. He has been suffering from this attack for 30 days, but will not give up or admit that he is in such a serious condition. Dr. Coffman, of Georgetown, is attending him and the reports state that he is a very sick man, although the past few days have brought some slight improvement.

Mr. Moore had made himself a national character because of his peculiar ideas concerning religion and prohibition. His paper, The Blue Grass Blade, is an infidel weekly, and circulates among those who believe in prohibition as a political issue as well as those who oppose the tenets of the Christian faith.—Lexington Leader.

JAMES HOWARD CASE.

Motion to Advanced Hearing Denied.—Will be Taken up in Regular Order.

Washington, Oct. 16.—The motion to advance the hearing in the case of the state of Kentucky vs. James Howard, convicted of complicity in the murder of Gov. Goebel, made in the United States Supreme Court last Tuesday, was today denied by the court. The case already has an advanced place on the docket, and will possibly be heard in December in the regular order.

Edwin McGary Injured.

Saturday afternoon Edwin McGary, the six-year-old son, of Mr. and Mrs. C. H. McGary, fell from an upstairs window at their house two and a half stories high to the ground, breaking his leg near the hip. He was standing by the window and when called by his sister turned to go pushing against the screen, which gave away and went out with him, some what breaking the fall, which no doubt saved the little fellow's life. Edwin is bearing his suffering bravely and getting along nicely.

Laundry Burned.

Central City, Ky., Oct. 16.—The Central City Laundry was destroyed by fire. The fire originated in sawdust that was used as packing the wall. The heat of the stove had charred the sawdust, so that it finally flamed, and the structure being frame, it was soon enveloped in the flames. No insurance was carried, either by the proprietors or those who sent their clothing to the laundry, and, this being the day on which the delivery was to be made, almost every citizen in the town lost something.

Tobacco Growers' Meeting.

Owensboro, Ky., Oct. 16.—The annual meeting of the National Tobacco Growers' Association was called to order in Owensboro at 10 o'clock Wednesday morning, and will be in session three days. It will probably be one of the greatest meetings of tobacco growers ever held in the United States, and delegates will be in attendance from nearly every tobacco-growing State in the Union.

CARPETS

Our line for fall is now in. We are showing a large assortment of Axminsters and velvets with borders and a splendid line of Ingrains.

Morton & Hall,

MADISONVILLE, KY.

It Pays to Advertise.

SHORT LOCALS

Just received a barrel of fresh country sorghum at L. E. McEwen's.

Mrs. Robt. Gordon, who has been ill for some time, is improving.

Go to Crenshaw for gents', ladies' and children's underwear.

Mrs. Polk Blair, who has been quite ill, is improving.

BORN—to Mr. and Mrs. Tommy Todd, a fine girl, Tuesday night. Mother and child both doing well.

Pure country sorghum molasses on tap. L. E. McEwen.

Geo. King, of St. Charles, is in John Kendall's place.

Bishop Woodcock preached a most able sermon Tuesday evening at the M. E. Church, South.

Crenshaw has a few suits of gents' clothes he is closing out at cost. Give him a call.

The Ladies Aid Society of the M. E. church will meet with Mrs. Jno. Rife Monday afternoon. All members urged to be present.

"Vegetated Calomel" never gripes or salivates. Price 10 Cents.

Dr. Nisbet's new home, being erected on East Main street, is rapidly assuming the form of a handsome two story residence.

Go to Crenshaw for ladies' and misses' tailor made skirts.

Those arising early Friday morning found everything covered with a heavy frost. Some report finding a little ice in the early hours. No damage was done, as corn is beyond injury.

Souvenir cards at St. Bernard Drug Store.

John Kendall, who has been with the St. Bernard drug store for the past few months, has accepted a position in Nashville and left. Sunday for that place. Mr. Kendall has made warm friends here who regret to see him go.

A limited supply of souvenir cards for sale at St. Bernard drug store. Two for five cents.

Presiding Elder Walsh, of Louisville, of the Lexington District, M. E. Church, preached two very able and instructive sermons at the local church here Sunday morning and evening.

Fresh lot of Bliss' Native Herbs, Oil and Balm at Geo. W. Figeley's, next door to Ross' drug store, Madisonville.

Mrs. Margaret Burdon, aged 60 years, and widow of Rev. Jas. Burdon, deceased, died at the residence of her son, Galen Burdon, of near this place, Monday after an illness of several months of cancer of the stomach. Interment took place at Earlington cemetery Tuesday. She leaves four sons, among whom are Messrs. Galen and Henry Burdon, of near here, and four daughters, two of whom reside here. Mesdames Vern Baldwin and Foley.

Wagon, buggy, surrey and a nice line of Jersey cows with calves for sale or trade for any old thing. W. C. McLeon.

There will be something doing at Temple Theatre Saturday night. You want to be hand.

Grand Lodge of Kentucky Masons and Grand Chapter are both in session in Louisville this week. Henry L. Browning, Master of E. W. Turner Lodge, of this place, is the representative of the local lodge. He also represents the local chapter.

Get in the swim and send your friends a souvenir card. You can get them at the St. Bernard drug store.

The Ladies' Missionary Society of the Cumberland Presbyterian church, of Madisonville, met with Mrs. O. P. Webb last Thursday afternoon. Rev. Tucker and Mr. R. B. Ashby were in attendance and an enjoyable program was rendered.

Girls, you should be more careful with your letters as you might get some of your friends in trouble. A letter from a young lady visitor in Chicago was picked up on the street and handed to the editor. It is published on page 7 and owner can get the original by calling at this office.

Mr. J. C. Morelan, who formerly worked for Mrs. Blair but who has for the past year been employed by the Payneville Press, at Payneville, Minnesota, has returned to Earlington and will be again connected with THE BEE. Mr. Morelan made quite a number of friends while here and they are delighted to have him among them again.

Don't fail to attend "The Butterflies" at Temple Theatre Saturday night.

Mr. W. Hill, editor of the Paris, Ky., Democrat, and a widely known special correspondent of the Courier-Journal and Louisville Times, is spending the week in Earlington. It is his first visit to Earlington as well as his first vacation for months. There is every reason why his choice of Earlington as a vacation place is a wise one.

"The Butterflies," that's a good play and you will enjoy it. Come to Temple Theatre Saturday night and see it.

Among the prisoners taken to the Edyville penitentiary from Hopkins county last week were Geo. Buckner and Jas. Green, of color, who received 5 and 7 year sentences for robbery. They stole a watch from a passenger on an excursion train near this city on June 24 and some good detective work was done by City Marshal Barnett in finding the guilty parties and landing them behind the bars.

Beautiful souvenir cards for sale at St. Bernard drug store two for five cents.

Statistics show that out of the 11,000 boys who have been in the Ohio reform school since it was started between 60 and 70 per cent have made useful, honorable men out of themselves. How many of them would have done so anyhow it is impossible to tell, but the chances are that they would all have gone irretrievably to the bad, else they wouldn't have been committed. They aren't sent to Lancaster for making faces at the teacher. Of these 7,000 or so rescued boys some have done extremely well. One man is now a millionaire.

Souvenir cards of scenes near Earlington, at St. Bernard drug store.

A LIFE SAVED

READ THIS LETTER FROM A GRATEFUL KENTUCKIAN

Princeton, Ky., Feb. 4th, 1905
I wish to state for the **FOERG REMEDY CO.** of Evansville, Ind., that I believe their great remedy saved my brother's life from one year ago. He was troubled with a blood disease, and **FOERG'S REMEDY** came to his rescue. After taking five bottles he was entirely relieved of his trouble, and when he died, I also took two bottles as a blood purifier and was much benefited.

THE SAFEST PLACE

When Traveling on Train is in the Middle.

After several years' experience, officers of the Pennsylvania railroad have come to the conclusion that directly behind a locomotive is a bad place for sleepers, or any other cars which are used by passengers.

For this reason an order has been issued that "in all instances a baggage car, whether the car is needed for baggage purposes or not, must be the first car of the train." This rule applies to excursion and regular trains. In the case of a combination baggage and smoker car, the baggage end must be first. "The only possible deviation from

this order," the order continues, "is on those divisions where no provision is made for the turning trains at the end of a suburban run. This is the only case when an excuse will be accepted." This is the first official acknowledgment from a railroad company that the middle of a train is the safest place to ride.

A Card of Thanks.

I desire through this medium to express my deep gratitude to the kind friends at Earlington who administered so successfully to my dear child during her fatal illness. Also to express my sincere thanks for the kind sympathy shown me through a statement to them. No greater kindness was shown by any people.

"Kindness is more than a gift. And still, it is faith that sustains." MRS. C. WHITE.

Great Loom End and Bargain Sale.

COMMENCES SATURDAY, OCT. 28, AND CONTINUES TWO WEEKS, CLOSING POSITIVELY SATURDAY, NOV. 11.

Extra Dress Goods, Laces, Hosiery, Underwear, Shoes, Hats, Shirts and Clothing Values.

Our former sales have established beyond any doubt the fact that hundreds of families fully appreciate the money saving advantages of these Great Semi-Annual Sales. Confidence in our goods, in our advertising and in our business methods have attracted crowds to our store that have taxed our capacity to the utmost, and all have gone away satisfied with the bargains we have offered. Such confidence has spurred us to our utmost. For months we have bent every energy toward making this the Greatest Sale of All. Early purchases, made before the advanced prices, fortunate opportunities of securing much scarce but desirable merchandise, remarkable price concessions from manufacturers on account of immense quantities of merchandise represented in these sales, all unite to make this the Climax of Our Selling Career. Such quantities of goods, such intrinsic values, such low prices seem almost unbelievable. No one can afford to miss this opportunity of securing such desirable merchandise at half its true worth or less. So be sure to come early and get your share of the bargains during this sale. Read every one of the following prices. Don't overlook a single item.

All Loom End Calicoes, 1 yard lengths and under, at rate of 1 cent per yard.

Special attractions in our Staple Goods Department, for in no other department of our store is it possible to secure such truly remarkable and attractive values as the Cotton Domestics. With cotton "skylarking" these prices will seem especially low, but the goods were purchased before the advances and we give you the advantage of our foresight. Read, compare, then be on hand to get your share.

A GOOD NIGHT'S REST

SPEAK FOR IT

"Speak for it" as it is called to do.
For a nurse in her little bed.
That German Syrup, home's great treasure.
Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a backing cough are dangers of the poor consumption. But why this fear of the night? When you use Dr. Kennedy's German Syrup will insure refreshing sleep, entirely free from cough or night sweats. Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst cough, cold, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

Two sizes, 50c and 75c. All druggists.

For Sale by St. Bernard Drug Store.

RINGLING BROS. EXCURSIONS.

Special excursion rates on all lines of travel have been arranged for by the management of Ringling Brothers' World's Greatest Shows, and those who wish to go to Hopkinsville, where this great circus exhibits Oct. 25, can do so at very little expense. This will be the only trip in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Ringling Brothers' circus has been the leading arena exhibition of America for years, but the show has never before permitted to rest upon its reputation. Although it long ago passed the point of competition, every season sees a greater and grander affair. This year's performance is entirely new, and entails the combined efforts of 575 wonderful artists in the equestrian, gymnastic, acrobatic, and aerial line, together with 50 famous clowns and hundreds of lesser lights. Six hundred and fifty horses are used and a magnificent trained animal department is presented. The circus this season is greatly enlarged by the spectacular production of The Field of the Cloth of Gold, a national presentation of the well known and beautiful historical meeting between the young Kings of England and France. The vast menagerie has among hundreds of features the only living pair of giraffes, the first baby elephant successfully bred and reared in America, and the only rhinoceros in captivity. There is a gorgeous revival of the Roman hippodrome races, and many other stupendous features in this great circus. Circus days opens with a brilliant street parade, three miles in length. Don't fail to see it.

One of the attractions this year on the western states fair circuits is San Antonio Pete, a Cherokee steer, which trots in harness to sulky and can do his half mile in 2:10 1/2, with apparent ease and with all the evidences of keen enjoyment displayed by a thoroughbred fighter for his head and impatience of restraint. The animal is owned and driven by Al Dougherty, of Logan, Kan., who claims Pete is the only steer ever trained for speed in harness.

To Cure a Cold in One Day.
Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c

In the matter of automobile export to Germany this country stands second to France, leading Great Britain by a comfortable margin.

A Prominent Trainman.
The many friends of G. H. Hansen, Engineer, L. E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommended to all, especially to trainmen, who are usually similarly afflicted."

Sold by Jno. X. Taylor.

Acetylene gas is now used as an explosive. By using an air machine a force is obtained from it which can compete with that of powder and dynamite.

You may be just as special and pessimistic as you please. Kodol will digest what you eat whether you eat or not. You can put your food in a bowl, pour a little Kodol Dyspepsia Cure over it, and it will digest it. It can't help but cure indigestion and dyspepsia. It is a very tender and thousands of people have said and some didn't.

Sold by St. Bernard Drug Store.

The breadstuffs exported from this country during the six months ended June 30, 1905, were valued at \$84,066,854.

THE MODERN RUSH

He didn't have time to chew
The food he had to eat;
But he washed it into his throat
As if time was a thing to heat.
At breakfast and lunch and dinner
Toss a bite and a gulp and go—
Oh, the crowd is so terribly eager,
And a man has to hurry so!
A bite and a gulp and away to
The hooks and the tucker! A
bite
And a drink and a smoke and a
sit
At a hard table half of the night;
A pressure, a click and a pallor,
A cloth-covered box and a song;
A weary old fellow at forty.
What is dear to the noise of the
—Chicago Times-Herald.

Double Daily Service to Mexico.
Over 19 hours served to St. Louis by the fastest and shortest and quickest line, the Iron Mountain Route and connecting lines, through Little Rock, Texarkana, Longview, San Antonio and Laredo. Through Pullman sleepers from St. Louis 3:30 p. m. to Laredo, and elegant Dinner Car service. Now is the season to visit authentic Mexico! Low rates, liberal stop over privileges. For information, rates, descriptive literature, see nearest Ticket Agent or address H. P. Matthews, T. P. A., Iron Mountain Route, 801 Norton Bldg., Louisville, Kentucky.

The superiority of American-made goods is recognized almost universally by the people of the United States. In fact, in a large number of instances they are too good to compete with articles of the same class made in other countries. Consult General Seger in a communication to the state department, submit two letters from Brazilian firms which indicate strongly the fact that our goods are wanted in some cases, even if they do cost more.

Hot Springs, Ark.
This great health and pleasure resort has been reached via the Iron Mountain Route. General schedule and solid trains, Pullman sleepers, chair cars, etc., from St. Louis or Memphis daily. Now is the season to visit this great resort. Limit round trip rates, liberal. Handicaps descriptive literature furnished free. For rates, map folders, etc., call on nearest Ticket Agent or address H. P. Matthews, T. P. A., Room 801 Norton Bldg., Louisville, Ky.

The correct pronunciation of Arkansas is not Arkansas, but Arkan-saw. This terminal is not infrequently in Indian words received through the French, and it is a silent and the s is long. For instance, Tennessee (and partly) in Louisiana is pronounced Texas, as Arkansas is correctly pronounced Arkan-saw. The statute referred to is so accurate as all but the most conscientious resolution of the general assembly of 1881 expressing its opinion of the correct pronunciation of the name of the state.

The Original.
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the sale. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and the aged.

Sold by Jno. X. Taylor.

In the window of a Manchester (England) drug store was a card of cheap microscopes marked one shilling each, with the notice: "These are the cheapest microscopes ever offered for the money."

The Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar. It expels all cold from the system by acting as a cathartic on the bowels. It relieves the feverish conditions of the throat, draws out the inflammation, cures the cough and strengthens the mucous membranes of the lungs and bronchial tubes. Kennedy's Laxative Honey and Tar is a certain, safe, prompt and harmless cure for cold, croup and whooping cough.

Sold by St. Bernard Drug Store.

Gen. G. W. Mindl, the United States officer who appraises all the diamonds coming to the port of New York, says they have increased fully 50 per cent during the last ten years.

\$600. GIVEN AWAY.

Christmas Presents for Subscribers to the Weekly Courier-Journal.

The Weekly Courier-Journal (Henry Waterson's) paper wants to share the profits of this prosperous year with its subscribers. It proposes to give away twenty Christmas presents, ranging from \$100 to \$200. There are 100 names in the list. The four general presents of \$100, \$150 and \$200 and sixteen presents of \$100 will be given in the states of Kentucky, Indiana, Tennessee, Texas, Mississippi, Missouri, Virginia and Alabama. The plan is fair and simple. Write the Courier-Journal Company, Louisville, Ky., for a copy of the Christmas Journal, giving full details. It will be sent free.

For Your Protection

We place this label on every package of Scott's Emulsion. The man with a fish on his back is our trade-mark, and it is a guarantee that Scott's Emulsion will do all that is claimed for it. Nothing better for lung, throat or bronchitis troubles in infant or adult. Scott's Emulsion is one of the greatest food-builders known to the medical world.

We'll send you a sample free.

SCOTT & BOWNE, 409 Pearl Street, New York.

The per capita value of the paper consumed in the United States yearly is the greatest in the world and amounted during last year to about \$1.75. New paper figured largest in the total, amounting to a record for about \$25,000,000. In 1880 a total of 106,653 tons, worth \$18,163,434, sufficed to meet the demand. We were noted as the greatest newspaper-reading people on earth in 1880, but in 1904 we read about three times more, on an average had three times as much offered us to read.

Better Than Quinine.

Strong testimony: "Hughes' Tonic is the best health tonic I ever tried. Better than quinine," sold by druggists—50c a bottle.

Prepared by ROBINSON-PITNEY CO., (Inc.) Louisville.

A teacher in a boarding school was giving his pupils a lesson on the circumference of the hood. "If I stand on my head, by the way of an illustration, the blood rushes to the head doesn't it?" Nobody contradicted him. "Now," he continued, "when I stand on my feet, why doesn't the blood rush into my feet?" "Because," answered a daring young fellow, "nobody contradicted you." "Your feet ain't empty."

Presidential Election Will Make no Change.

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nunbaum, Batavia, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then Foley's Honey and Tar and eight doses cured me."

Sold by Jno. X. Taylor.

Prof. Bailey, of Yale university, says that in his own life, when he spent his childhood there was a society of women who were active man haters. On one occasion the president proposed a paper presenting the strength of women and the weakness of men, entitled, "Woman: Without Her, Man is Helpless." To strengthen her point she hired a decrepit old man to read the paper before the regular weekly meeting of the club. When the old man stood up, and, reading from the manuscript, loudly announced his title as "Woman, Without Her, Man is Helpless."

It is impossible to have a clear head, an active brain, a vigorous constitution or a strong body when the digestion is weak or when the stomach is out of order. Kodol Dyspepsia Cure will put the stomach in order and improve the general condition.

Sold by St. Bernard Drug Store.

Nearly 1,300,000 new cases were brought before the county courts of England, the so-called "poor man's court," last year.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 1905: "I have used in my family, Ballard's Snow Liniment and Household Syrup, and have ever found them satisfactory. The liniment is the best I have ever used for headache and neuralgia. There has been no other doctor for the last eight years."

Sold by St. Bernard Drug Store.

It is said that there are but few men in the country who can smoke as many strong cigars in a day as an Admiral Schley.

PISOLS CURE FOR
KIDNEY AND
BLADDER
CONSUMPTION

FREE TRAINING OF NURSES.

Young Women of Small Towns and Country Districts to be Favored.

By the terms of a fund to be administered in connection with the Philadelphia School of Nurses, Witherspoon Building, Philadelphia, a number of young women from every county will receive free training in nursing. It is planned to ultimately reach and help in this way every village and township.

The young women will be provided with room, board, nurse uniforms and all the refinements of a well-appointed Christian home. At graduation the diploma of the School and the Order of the Red Cross will be conferred, qualifying for practice in any State or country; the railroad fare will then be paid back home.

Those applying and chosen to receive the benefits of the fund will be given two years' training, with rich experience in nursing the sick poor of the city under skilled leaders. The team may be shortened to eighteen months by taking a preliminary course of six months' reading and study at home. A special short course enables young women to quickly qualify themselves for self support and a substantial income.

In addition to regular nursing, the young women are taught how to preserve their own health; how to recognize, avoid and destroy contagion; how to establish and maintain perfect sanitary work; and are trained about the home; they are prepared for positions as office nurses and physician's assistants; they get a practical knowledge of City Mission movements, Deaconess training, College settlement work and are trained for special positions of trust in institutions.

The school is ten years old and is endorsed by physicians, leading educators and prominent men throughout the country.

Any young women of Hopkins county who wish to avail themselves of this exceptional opportunity to equip themselves for this noble work in life under the best conditions and without cost may get in immediate touch with the institution by addressing their application to the Philadelphia School for Nurses and enclosing the letter to the Committee on Public Health of the B. K. to be forwarded to the proper officers of that institution.

Hopkinsville, Ky., June 7, 1901.
Dr. W. H. Hall, St. Louis, Mo.—
I have used your "Kodol Dyspepsia Cure" for the past three years and from experience I can say I have never sold any kidney and bladder remedy of superior merit.

Very Respectfully,
THOMAS D. ARMISTEAD.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Dr. E. W. Hall's Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, sentimentalism, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder trouble in children. If not sold by your druggist it will be sent by mail for \$1.00. One small bottle is a two months' treatment and seldom fails to produce a cure. Dr. E. W. Hall, sole manufacturer, C. O. Box 639, St. Louis, Mo. Send for testimonials. Sold by all druggists. The Texas Wonder is sold by druggists and St. Bernard Drug Store.

Engines are very like people. The switch engine makes more fuss about the least thing than the passenger engine. The passenger engine is the person the more trouble he causes.

A new idea in a Cough Syrup is advanced in Kennedy's Laxative Honey and Tar. Besides containing Pine Tar, Honey and other valuable remedies, it is rendered Laxative, so that it uses a prompt and efficient evacuation of the bowels. It relaxes the nervous system, and cures all coughs, colds, croup, asthma, and all other lung troubles. The honey is on every bottle of the Original Laxative Cough Syrup, Kennedy's Laxative Honey and Tar. Sold by St. Bernard Drug Store.

During the six months ended June 30, 1905, there were exported from the United States 279,553 cattle valued at \$51,697,645.

After a man has stolen jam he feels terribly worried for fear some one may see him whenever he has to go to the jam closet for an innocent purpose.

Consumptives Made Comfortable.
Incipient consumption is cured by Foley's Honey and Tar, but we do not say so. We say that it cures, by relieving the inflammation and the cough, and it will cure the disease in the advanced stages, but if the lungs are not so far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed passages giving them a chance to heal, and even in the advanced stages it always comforts and relieves.

A. A. Horton, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the last stages."

Sold by Jno. X. Taylor.

HAIR'S VEGETABLE SICILIAN Hair Renewer

Perhaps you like your gray hair, but then keep it. Perhaps not; then remember—Hall's Hair Renewer always restores color to gray hair. Stops falling hair, also.

Great oaks from little acorns grow! So also has a law suit, in which \$10,000 damages are claimed, arisen out of a 35-cent watermelon. It is a case of the kind in Washington, D. C., has caused the arrest of one of its neighbors, charging her with the theft of one watermelon, of the value of 35 cents, and that when the police court judge heard the testimony he solemnly declared her not guilty. The lady has felt very much hurt over the charges of her crocer, and so now has entered suit in the Supreme Court of the District of Columbia for \$10,000 damages.

Saved His Life.
J. W. Davenport, Wingo, Ky., writes, June 11, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely closed. I and the other body had lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The application gave me no great relief; two fifty cent bottles cured me sound and well."

It is a wonderful medicine and I recommend it to suffering humanity. Sold by St. Bernard Drug Store.

At what depth can a diver carry out his functions? One well-known firm of submarine engineers limits the depth of descent to 25 fathoms, or, say, 150 feet. But operations have been carried out at greater depths than this, and perhaps the greatest distance below the surface ever reached has succeeded in working 134 fathoms or 244 feet. This was accomplished by James Hooper, who descended to the ship Cape Horn, sunk off Pichidangue, South America, and sustained a pressure of 885 pounds on every square inch of his body.

CHURCH DIRECTORY.

CATHOLIC CHURCH.—First Mass every Sunday and holy day at 7:30 a. m. Second Mass and preaching at 9 a. m. Visitation and benediction 4 p. m. Rev. M. O'Connor, pastor.

CHRISTIAN CHURCH.—Sunday school at 9:30 a. m. Preaching every Sunday at 10:30 a. m. and 7:30 p. m. Prayer meeting every Wednesday at 7:30 p. m. Elder Howard Davenport, pastor.

ALL MAY RIDE.

Louisville and Nashville Railroad Company Will Put on More Trains

PRESIDENT MORTON, OF TRACTION COMPANY PUSHING HIS PROJECT.

The Bee has strong assurance that justify the belief that the facilities for travel between Madisonville and Nortonville will, in a very short while, be sufficiently improved to meet all demands. In all probability, too, the service will be extended to Hopkinsville, and thus span an open gap in an otherwise excellent passenger service.

While it is not possible to state just what the policy of the Louisville & Nashville Railroad is in detail, The Bee can say with confidence that additional trains will be put on by this railroad in a very short while to afford better traveling facilities between Madisonville and Hopkinsville and give the hustling population of the smaller mining towns of South Hopkins better opportunities to come to Earlington or to the county seat. This is in line with the movement now being made by the management of that railroad to perfect its passenger service over the entire system and correct such faults as now exist along that part of the line mentioned above. It is expected that relief will be immediate.

It will take a longer time, of course, for the building of a traction line, but it looks like that is coming soon, also, and with frequent trains and periodical trolley cars the people will have to work less in order to ride more. But the necessary facilities for more frequent travel are surely coming.

Madisonville has passed an ordinance giving Mr. W. O. Morton the right to construct a trolley line through the streets of city. Morton's Gap has also enacted an ordinance favoring a traction line. Earlington has not yet taken action, but the attorneys for the city are now constructing an ordinance. President Morton has the profiles of the line as proposed by the Madisonville Traction Co. and is pushing that company's interests.

How Are Your Kidneys?
Dr. H. B. Rogers' Pills cure all kidney troubles. Sold by Dr. J. H. Hartman, Earlington, Ky.

Musical Event of Season Coming.

Even with a dozen well known managers bidding for her services, Manager V. C. Alley has secured Miss Julie Foreman to star in "Cinderella" this season, and has surrounded her with the best of assistants. The cleverest of stars, four well known comedians, three comedienne, four dramatists of note and a chorus of eight pretty girls of uniform stature, the company is to tour a list of eighty of the leading cities. It has been said by critics that no more appropriate selection of a cast could be made for the correct presentation of "Cinderella" for that beautiful comedy-drama as it is moulded into musical comedy needs twenty-one of just such people as Mr. Alley has selected for it. This is the first season of the company which explains why every costume, every piece of scenery and every article of stage effects are entirely new. Miss Foreman wears several gowns bordering on the gorgeous and extravagance in costume has helped to make her reputation. Miss Vivian Forrest also wears some beautiful costumes and Miss Mable Merdith, the leading soprano, vies with her two leaders for beauty and dress. The costume worn by Miss Foreman when she meets the Prince in the grand ballroom is said to be one of the prettiest ever seen on the stage. The Prince and his staff are also elaborately garbed. This play will be seen at Temple Theatre Oct. 27.

Bader-Beall.

The wedding of Miss Florence Mabel Beall and Harry H. Bader, took place Tuesday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. H. Clement Beall, 1211 Laurel street, Nashville; Father P. J. Gleason officiating.

The bride, who is a sister of Mrs. N. W. Unstead and granddaughter of Mrs. S. A. Oordier, has visited here often and has many friends and admirers who extend their congratulations and best wishes for a long and happy life.

"Parafal."

The necessity of fitting the scenic embellishments of a production of "Parafal" to the limitations of stages much smaller than that of the Metropolitan Opera House, New York, where Herr Conrad first produced it in the United States, seemed for a time to render a tour of the country impossible. When Messrs. Martin & Emery contracted for Parafal they consulted with the builders of the original production who gave them the benefit of their experience to the smallest detail. As a result, it is only in the matter of more bigness that Martin & Emery's mounting of the play is in the slightest degree inferior to the original. In beauty of coloring, in excellence of perspective, in harmonious use of lights, in panoramic mechanism, and in its illusions of magic and mystery it is worth to be compared with the achievements of the Conried forces.

The sacred forest is pictured in subdued radiance, and when it given way to the rocky fastness leading to the Castle of the Grail a very fine illusion of space and mystery is attained. The interior of the temple is practically identical with the treatment of the same scene in New York and when it is said that it fulfills every demand made by the author's text and stage directions the highest praise is given it. The pageantry and the cities which crumple against this glorious background are wrought out in a spirit of reverence that is absolutely unimpeachable.

"Parafal" will be seen at the Morton Theatre on Oct. 24. Prices \$1.50, \$1.00, 75c, 50c. Boxes, \$5.00.

Cures Winter Cough.

J. E. Gover, 101 N. Main St., Ottawa, Kan., writes, "Every fall it has been my wife's trouble to catch a severe cold, and therefore of cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and \$1.00.

Sold by St. Bernard drug store.

MINING NOTES.

The Southern Railroad has been given permission by the railroad commission of the State of Indiana to reduce the rates now being charged by that company on coal entering the markets of New Albany and Evansville, Ind. The concession has made in order that the railroad and coal mines of Indiana may compete with coal from the Kentucky coal fields as the cost of the production of coal in the Indiana field is higher than in Kentucky.

Mayking, Ky., Oct. 16.—The Northern Coal and Coke Company, owning the cream of the Elkhorn coal field, closed a deal on the old Doc Mason farm, on Camp Branch creek of Rockhouse ford, in a rich coal territory, for \$40 per acre. The property lies along the route of the proposed extension of the Lexington and Eastern railroad. There are a number of fine coal openings on the land. Five years ago this property sold for \$2 per acre.

Mt. Sterling, Ky., Oct. 16.—George W. Bramblett, of Nicholas county, has just closed a deal by which he sold 12,000 acres of land on Clover Fork, Harlan county, to Eastern capitalists. The land contains numerous veins of cannel and bituminous coals. The price paid was \$122,000 cash. The new owners will at once begin the development of the properties.

Options on 10,000 acres of coal lands between Wheatcroft and Dyson creek in Union county, have been secured by Messrs. Chas. F. Beeson and Jas. F. Montgomery, of Providence. The lands adjoin the property of the West Kentucky Coal Company and will be developed soon.

Hazleton, Pa., Oct. 16.—All efforts to adjust the differences between the employees of G. B.

Markle & Co., of Jedd, have failed, and tomorrow morning one of the most stubborn strikes since the big strike of 1902 will be inaugurated, as the entire operations of this firm will be tied up, throwing idle 3000 men and boys.

Henry Harris, of Arnold mine, had the misfortune to be caught between a trip of cars and the rib Monday and had a narrow escape from death. He sustained a broken rib, a fractured collar bone and a discolored shoulder. He will be of duty for some time.

Mr. and Mrs. Jas. Skeen, of this place, visited relatives at Crofton several days this week.

The miners employed at Baker's mine, near Wheatcroft, Ky., went on a strike Saturday. There were forty in number and all went out except the engineer and the fireman. The mines are owned by the West Kentucky Coal Company. The miners employed at the Wheatcroft mines are still at work.

Among the awards granted by the Carnegie Hero Fund Commission made public Monday, entitling the participants to recognition under the hero fund provided by Andrew Carnegie several years ago is that of Daniel Davis, a coal miner, aged 23, of Sherodsville, O., who lost his life in the rescue of his brother-in-law, Wm. Monroe. For his heroism the commission awarded his wife a silver medal and \$1,000 to be devoted to the purchase of a home, or to be applied in any manner for the support of herself and two children. On July 11, 1904, Wm. Monroe, having charge of the steam and electric pumps of the Somers Mining Company in the Sherodsville, O., section, was overcome by gas in the Old Slope mine, and Davis, in spite of warnings, attempted a rescue. Monroe was saved, but Davis could not be restored to consciousness when brought to the outside.

Mr. Frank Vester was found dead lying in a ditch near the Mecla switch early Tuesday morning. He had been in the employ of the St. Bernard Mining Co. for several years and at the time of his death was boarding with Mr. Wm. Patton. The coroner's jury decided that he came to his death from some unknown cause.

The Mt. Zion Baptist church closed their meeting Monday night after baptizing 27 persons (Sunday even. There were also 32 others who joined making 59 additions in all.

The following persons are up and improving: Meadams Hadford, Rose, Beatrice Smith, Langford, Wiley, Lena Johnson, Carry Lafoon, Wm. Jones and daughter; Prof. S. E. Driver and Rev. H. Amos and J. E. Bailey.

S. F. Gill and Eddie Lafoon are on the sick list this week.

COLORED COLUMN

EDITED BY J. R. ROBINSON

The C. M. E. conference will convene Oct. 18th and last until the 22th. It will be held at Madisonville.

Rev. Jas. Sebes, of Penikese, visited his brother, Mack Hayes Sebes, here last week.

Messrs. Doss Sheppard and Ader Jackson made a business trip to Madisonville Thursday.

Mr. Andrew Brown has been suffering very much with his eyes this week. The trouble was caused by a piece of coal.

Meedams Childers and Harden were in Madisonville Saturday. Mrs. Childers was the guest of Mrs. Childers while there.

Mrs. J. B. Hawkins has returned from an extended visit to Danville, Ill.

Prof. W. D. Jennings and wife of St. Charles, were the guests of Mr. Mrs. Chas. King Saturday and Sunday.

Dr. Tutt, of Crofton, was here on business Sunday.

Mrs. Sarah Wilks has returned from Trenton.

Miss Lizzie Osburn and cousin, Miss Hattie Osburn, of California, attended the street fair at Hopkinsville last week.

Miss Josie Pritchett has returned from a trip to Chicago, Ill.

Rev. E. H. Edmondson filled Rev. E. M. Smith's pulpit Sunday.

Mr. Bill Allenworth, of Clarksville, Tenn., is visiting friends here.

Mrs. Ida Campbell has returned from Evansville, Ind.

Mrs. Will Prentice is visiting in Alabama.

Mr. and Mrs. Luke Anderson went to Nashville.

Mr. Frank Vester was found dead lying in a ditch near the Mecla switch early Tuesday morning. He had been in the employ of the St. Bernard Mining Co. for several years and at the time of his death was boarding with Mr. Wm. Patton. The coroner's jury decided that he came to his death from some unknown cause.

H. C. TOWNSEND, G. F. and T. A. St. Louis, Mo.

THIS IS THE LETTER.

DEAR JIMMIE:—As I promised to write to you as soon as I reached here, I must ask pardon for my neglect in not doing so, but I have been having such a huge time that I had not had a moment's time to spare until now. Have not even written a line to Jimmie, and you know I must be quite busy when I neglect such a pleasant pastime as that. Tell him not to worry for I have not forgotten him and he will get a LONG, LONG letter soon.

I cannot begin to tell you one half the news and for fear I might forget part I will wait until I get home and tell you all. Oh, my, it is cold up here and you have no idea how glad I am I bought my cloak and furs before I started. You know I thought I would wait until I came up here to buy them but I am so glad I did not as I saved at least \$5.00 by buying them from J. M. Victory. You know I bought one of those Empire Coats he is selling for \$15.00 and I priced the same coat here and they wanted \$20.00. I had no idea Mr. Victory had such excellent taste, but I find the identical styles he showed me, and being shown all the leading cloak houses here, and you know when you and I were pricing his coats, well the ones he asked only 10.00 for they want \$15.00, and one like his \$12.50 they want \$18.00. Guess I must cut this short as I must dress for the party tonight. I have a swell bear to take me, but don't tell Jimmie. Your Devoted Sister,

CHICAGO, ILL., Oct. 2, 1905.

Around the Farm

Cultivating Celery.

If nothing but clay soil is available, it may be made to produce good celery by the liberal application of well-rotted barnyard manure. On clay soils there is liable to be injury caused by the soil becoming washed into the hearts of the plants while they are yet small.

The first and most important consideration when preparing to grow a crop of celery is the securing of good seed, not merely seed of which a large percentage will germinate, but that having strength and vigor sufficient to give the seedling a good start. The greatest growth of celery is made in September and October, even on a small scale, attention should be given to the rotation of crops. Since nitrogen forms the principal plant food for celery, the soil will soon become deficient in this element unless means be provided for restoring the proper amount. This may be accomplished either by the application of large quantities of fertilizers or manures that contain a high percentage of nitrates, or better by planting the land for one or more years to some leguminous crop, such as clover, cowpeas, beans.

The Live Stock.

Whatever you may feed your horse feed judiciously and regularly. Use system.

While it is always an item to feed well, young pigs may easily be stunted by overfeeding.

Keep breeding sows by themselves and feed them according to the demands of their condition.

Hogs furnish one of the best mediums for marketing the bulky products of the farm in a concentrated shape.

When stabled for the noon feed, it is comforting and cooling to the

tired, sweating horse to be relieved of all harness.

It is the hogs that make the best growth in the shortest time and upon the smallest amount of food that returns the best profit.

A tablespoonful of copper sulphate dissolved in hot water and given with a gallon of milk to the brood sow will stop accurs in little pigs.

Owners of waste, brushy land would find a flock of Angora goats a very valuable acquisition. They are money makers as well as land cleaners.

In selecting a young animal for breeding purposes one with a gentle and tractable disposition should be chosen as nearly as can be judged.

The Range for Hogs.

While most swine raisers believe in the range for hogs, they are inclined towards some of the sown crops, such as rape and oats, rather than to the regulation grass pasture of milked growth. There is no doubt but that rape and oats, or rape alone, makes a good pasture for swine, if they are not turned on it too soon. A good general plan is to wait until the rape is, say, eight or nine inches high before the swine are turned in.

Feeding the Cow.

Just how much grain a cow in full flow should have can only be determined by experiment, but eight pounds is about the quantity the best dairymen, both East and West, are giving daily, varying according to the thrift of the cow and amount of milk.

A satisfactory flow cannot be maintained on grass alone. Regular rations of grain will increase the yield sufficiently to pay good profit.

Fattening Stock for Market.

It seldom pays to send stock to market half fattened. We know of lambs that have been chased around straw stacks and then shipped to market, only to teach their owner a lesson that he should have learned before he shipped them. The shrinkage in lambs is greater than in any other kind of stock and a long trip to market means real loss. It never pays to half fat anything.

Silage in Winter Feeding.

When it is said by the authority of long experience of an old silage cattle feeder, that corn silage in the winter feeding is equal to bluegrass pasture in summer it ought to attract the attention of every cattle feeder who can grow corn. Cattle need in part a succulent ration in the

winter just as bluegrass affords it in summer, and silage furnishes it.

To make the winter dairy profitable, you must begin by filling a good big silo.

It is poor farming to sell the best hay and leave your own stock only the refuse.

Grow Demons for Sheep.

It is interesting to note how greatly the number of sheep in the United States has decreased. Thirty-five years ago the number of sheep was just about equal to our population. The census returns of 1900 show that there were only half as many sheep as our population. In some other

countries of Europe and Asia the increase has been 30 to 40 percent, during the same time, though in recent years the number was greatly reduced by droughts and other causes. Just now there is a strong tendency to increase the holdings of the sheep. This has been greatly stimulated by higher prices of both sheep and wool and the rapid increase in the consumption of mutton. The latter is likely to grow steadily as it has given new impulse to sheep growing.

How to Work Butter.

Much of the butter for which the makers think they should receive the top prices has the grain almost entirely worked out of it, and there-

fore is not a first class article. Butter should be worked just sufficient to incorporate the salt, and that lightly and daintily, without mashing or smearing.

Utilizing Old Screens.

Old screen wire that has passed the useful stage as its protection comes handy when making small individual coops. It can often be made to do two years' service in keeping out rats and other vermin in chicken coops.
